FEATURE OF FAIR . . . In the middle of San Francisco Bay, at the Golden Gate International Exposition on Treasure Island, a typical village of Cathay with moon-gates, drooping eaves and mysterious pagodas has been erected. The highlights of Chinese culture and civilization will be encompassed in a Chinese village which will cover a space of a little more than two acres, but it will have all the salient features of China. The 1939 Chevrolet has been chosen as the official car of the Chinese Village, according to word received this week by Ed Thompson, local Chevrolet dealer.

1940 Vote, Wish at 100
BYFIELD, Mass. (U.P.)—Mrs. Eliza Rogers, 100, says her fondest wish is to vote for the Republican candidate in the 1940 presidential election.

Lomita's FDR Ball Set for Saturday Eve

Lomita is not going to wait until Monday evening, Jan. 30, to hold its President's Birthday Ball for the benefit of the National Infantile Paralysis fund. Residents in that community, under the leadership of Coy Farquhar, are sponsoring a dance Saturday night, Jan. 28, at the Odd Fellows hall on Highway 101 to give a big boost to the fund being raised there to fight the dread disease.

Tickets are being sold at 50 cents per person for the dance. In addition to this fundraising event, Lomitans are buying a large number of lapel buttons to further the "March of Dimes" campaign for the continued attack on infantile paralysis.

There will be prizes, good music, refreshments and checking may be had at a nominal fee. High school students will be admitted for half price on presentation of student body ticket.

Adult dance ticket will admit the bearer to the Lomita theatre Saturday evening, Jan. 28 or Monday evening, Jan. 30.

Following are the committee chairmen: Buttons: Dave Seldeen, Kiwanis, and H. H. Halladay, Chamber of Commerce; Tickets: Romily Harvey, Kiwanis; Music: Jack Finn; Refreshments: Mrs. J. W. Wright, Fleet Reserve Social club; Checking: Mrs. P. S. Andrews, Royal Neighbors.

Will Replace Storm Drain

Following a close inspection of the damaged culvert under Torrance boulevard beyond the Santa Fe viaduct, Leonard Young, acting city engineer, reported to the city council Tuesday night that Pacific Electric maintenance of way engineers agreed with him that a new culvert should be installed.

Because the storm drain runs under the P. E. property for 50 feet, with 100 feet traversing city streets, Young has asked the traction company to pay for its share of the work. The storm last Saturday did not cause any damage there also part of the culvert has collapsed, Young said.
